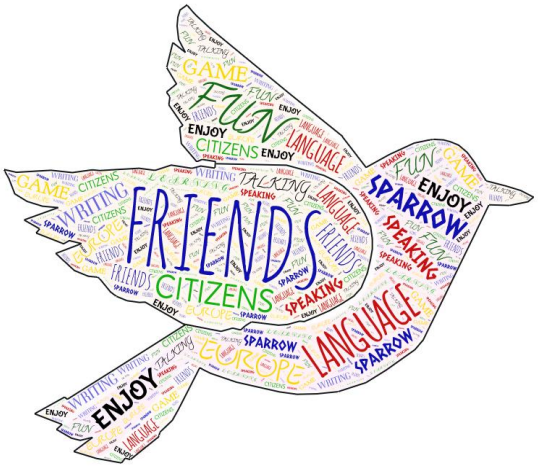
At the beginning of the project we decided to start a logo competition among our schools from different countries. At Carlos Cano Secondary School, we launched a contest to choose a logo for the Sparrow Project. We received several proposes for that, the school parents´ association was in charge of choosing the winner. Finally, the winner was a student from the 3rd school year. The logo selected was uploaded at the Facebook and webpage of the school. from our High School for the competition.


At the second meeting project our logo was chosen among all shown by the rest of project partners.
